MHMessenger Application
User Manual for Aircraft Status

Step 1-

Install the latest version of MHMessenger application in your phone using these links.

For Android users –
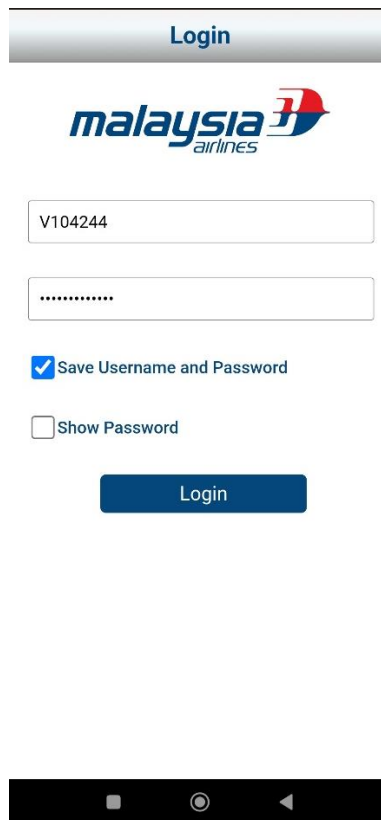

https://install.appcenter.ms/orgs/malaysia-airlines-berhad/apps/mhmessenger/distribution_groups/mhmessenger%20-%20release%20internal

For iOS users –

https://install.appcenter.ms/orgs/malaysia-airlines-berhad/apps/mhmessenger-1/distribution_groups/mhmessenger%20ios%20-%20release
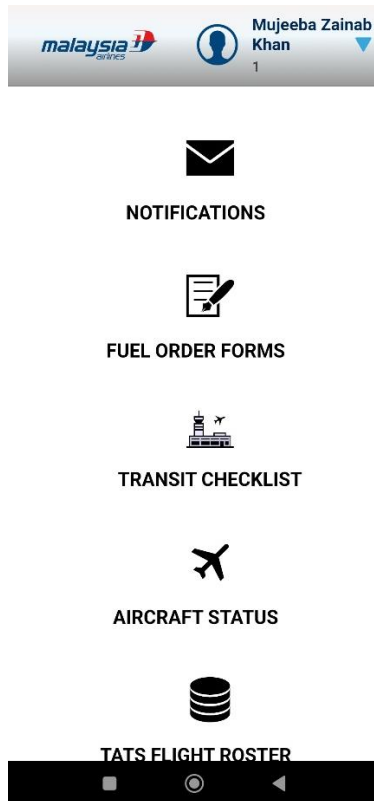

Step 2-

Open the application. It will display a login page. Login the application with your staff id and password
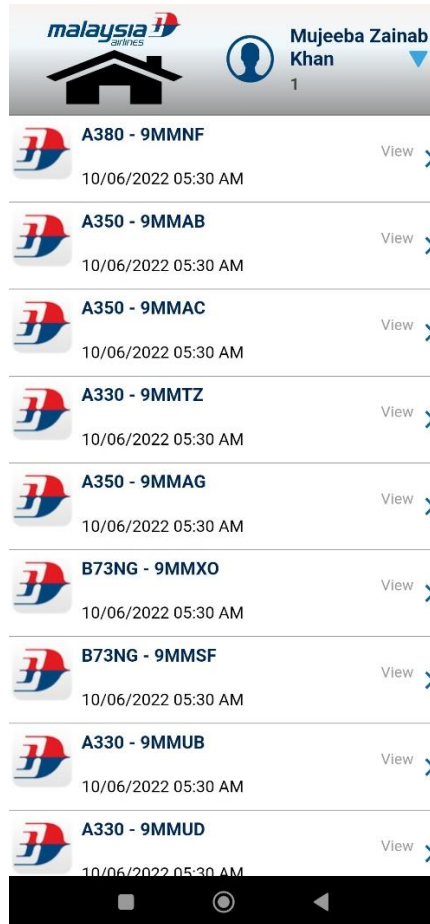

Step 3-

After successful login, landing page will appear now which must contain Aircraft status feature.

Step 4-

Now click on the Aircraft status –

        A. If user is an admin (whose staff id is present in admin table)

1. Then he/she will be able to see the details of all aircrafts.

2. Onclick of each REG no. user will get more details like issue-date, due-date, MEL_REF etc.
